

Dear *Pastor or ministry*,

We are excited and grateful that you have shown interest in inviting the Family Restoration Project team to your church and region. We know that God is moving on behalf of the family throughout the world, and we would be delighted to sow the seeds of family restoration into your area!

Our desire is to make our visit as easy as possible for our hosts. We have put high-value on traveling as a family, and we have seen firsthand, the power of families ministering to families. We understand, however, the difficulty and expense of inviting a large team to your area. To this end, our ministry has purchased a motorhome, to allow effective mobility of our ministry team to the whole country.

We are asking each host to consider a .95 per mile fee, as described below, to help cover a portion of the travel expenses for the gas, maintenance, lodging, and meals for our entire family and ministry team. If this fee could be provided prior to our departure it would be helpful, but we understand if that is not financially possible.

Travel Expense Payment:

95 cents per mile from Minneapolis to your location

Examples:

Invited to Chicago: 400 miles one-way from Minneapolis to Chicago

$400 \times .95 = \$380.00$ Travel expense payment

We are asking that a separate honorarium or speaking fee be considered. However, we have no set or required amount, and are very comfortable with a free will offering or an honorarium.

Upon confirmation of the invitation, we will contact you to confirm details and times. To make this invitation as easy as possible for you, our team will be responsible for all travel arrangements to your location.

We would simply need a semi-flat area in your parking lot for the 36 foot motorhome. An available "plug in" would be helpful but is not necessary (the motorhome has a

generator). If no flat area is available for parking, a local RV park may be necessary. Travel is weather permitting. We would prefer to travel March- October, but winter travel could be arranged if heading to warmer climates.

For travel outside the continental United States, or to make alternative travel arrangements, please contact us.

If your ministry would like to provide some meals or have social gatherings, that would be appreciated but not required or expected. At this time, we have no special needs or dietary restrictions.

Our heart is to never have finances be the deciding factor for your invitation. If you are led to invite us and these financial considerations are not attainable, we would be delighted with whatever you could provide!

Thank You for your consideration, and blessings to you and your congregation!

Jonathan & Amy Claussen and the whole FRP team
